Co-curricular Activities

At Hunter Valley Grammar School, academic and co-curricular activities are seen as linked in the overall holistic development of the student. A wide ranging co-curricular programme compliments the academic life of students. We encourage all students to become highly committed in both of these domains.

This handbook summarises our cultural, sporting and related co-curricular opportunities for the information of parents and students. Should you have any queries, please do not hesitate to contact, depending on the area of interest, Mr Tony Burgess, Director of Sport or Mr Jack Machin, Director of Music or any of the co-ordinators listed in the Handbook.

We look forward to seeing all students take a full and active part in the co-curricular life of the school.

Student responsibilities

We must insist that, when a student accepts membership of a school team or group, she or he accepts all the commitments involved in that membership. It is, therefore, not acceptable for students to miss practices, matches or performances or to arrive late for these commitments.

While students must be discouraged from making personal arrangements which conflict with their co-curricular commitments, it is important also that parents do not place their children in a position that forces them to compromise their responsibilities to their team or group. We encourage parents to recognise their child’s obligations to his/her team or group, and ensure that these obligations are met.

If for some reason a student is unable to attend a practice session, a written note from parents or guardian, requesting that a student be excused will be required for students. This should be given to the appropriate coach. Students will appreciate that this is only a matter of common courtesy.
